TAOS COALITION- PRESS RELEASE July 21, Taos, New Mexico

TAOS COALITION (working title) is sponsoring a panel discussion: "The Impact of Gentrification On the Taos and Santa Fe Plazas" featuring panelists Margarita Garcia, Ruthann McCarthy and Alicia Guzman, July 29, 6:00 – 8:00 pm, Talpa Community Center (# 4 Archuleta Road, Ranchos de Taos, EAST on 518, past Ranchos Elementary school, on left.) RSVP: <https://tinyurl.com/taos729rsvp>

This is the first of a monthly series, held on the same day every month, to create an authentic picture of where we, as a community, come from, who we are, and what we have to go forward with. Before effective and relevant policies and decisions can be made, we need an accurate, in depth, authentically inclusive picture of our history, diverse cultures, present economic situation and future ecological limitations and resources. A sliding scale donation from \$5.00 to \$5,000 will include a hot meal, child care with hand-washing station. Masks and hand sanitizer will be provided and required at the door.

TAOS COALITION MISSION STATEMENT

Before effective and relevant policies can be enacted in our community, we need an accurate, in depth, authentically inclusive picture of our history, diverse cultures, economic situation and ecological limitations and resources. It is the mission of Taos Coalition to provide this map in the form of monthly talks and panels at monthly gatherings, conditions permitting, and to Zoom them, post on social media and online to reach and educate the community as widely as possible.
